

His Patience Exhausted Wilson Will Take Steps To Bring Peace to Mexico

For the Last Time He Will Warn the Leaders of Warring Factions That "Intolerable Conditions" Must Cease.

INTERVENTION CERTAIN, WASHINGTON DECLARES

Forthcoming Statement Believed to Be Forerunner of Drastic Action—Wilson Resolved That Mexican Civilians Shall Not Be Starved.

Washington, May 28.—President Wilson has decided to send a special message to Mexico that conditions in that country have become intolerable and that unless they themselves compose the situation soon, other means may have to be employed to accomplish the result.

The first intimation of the president taking this step came in an appeal issued from President Wilson as head of the American Red Cross setting forth that "due to several years of internal disturbances in many parts of Mexico have reduced the people to the verge of starvation, and urging contributions to relief funds."

When the president's appeal for aid for the Mexicans was issued it was also accompanied by the executive order that the statement from the president on the Mexican situation was to be expected within the next few days.

This statement has been expected, and will be issued after the cabinet meeting next Tuesday and then communicated to the leaders of all the Mexican factions.

Officials at the white house and state department declined to say what the president's statement contained, but denied that recognition of any faction was contemplated.

The present action, it was said, was to demand, in effect, that the Mexicans arrive at an early settlement of their troubles or at least provide for the sustenance of the starving population.

No "Immediate Intervention"
High officials referred to the president's forthcoming pronouncement as not meaning "immediate intervention." The impression in executive quarters would be to place responsibility on the present state of affairs squarely on the military element of the country, which have overrun the country and appropriated its food supply of the starving population.

While anxious to continue the policy of allowing the situation to settle itself, the differences without outside interference, the president is said to be determined that the situation of the country shall not be starved in the meantime.

Talk of intervention which has been rampant since the European war that time, attracted attention from the nearer home, was revived by the white house statement. Many diplomats who interpreted the events as the forerunner of a new policy, thought intervention was an inevitable result and that the United States was paying the way for it by notifying the world of its purpose to take the step for the sake of humanity. They pointed out that a similar action had been preceded in Cuba in 1898.

Rebutter to Demand
For the present, the president's notification to all the Mexican factions of the intolerable state of affairs and the desire of the American government for a betterment of conditions will be allowed to stand without explanation. The relief work of the American Red Cross is undertaken in earnest.

The belief was widespread that official and diplomatic circles tonight that an immediate effect of the forthcoming statement will be to give warning to the relief supplies must not be appropriated by the military element, and that they must assist in feeding the starving.

Chairman Farlinger and Alderman McDonald Declare Committee Has Anticipated Too Much Revenue.

Testimony as to Death of Mary Phagan Will Be Taken at Jail for Use in Damage Suit.

Money for Schools Meets Approval, But Farlinger and McDonald Object to Other Appropriations.

May Oppose Commutation.
The result of the conference between J. W. Coleman, stepfather of Mary Phagan, and James L. Key, attorney for Mrs. Coleman, in her suit for \$10,000 damages against the National Pencil factory, Mr. Key may appear before the prison commission during course of the Frank commutation hearing and protest against clemency on behalf of the parents of the slain girl.

Mr. Key, following the conference, was non-committal, saying that he had not decided whether to appear before the commission or not. Mr. Coleman stated, however, prior to the conference, that he would stand by his daughter's suit, in all probability, except Mr. Key to protest in behalf of Mary Phagan's family against commutation.

Jim Conley and Leo M. Frank will come face to face Wednesday afternoon at 12:30 o'clock while the battle for Frank's life is being waged before the prison commission. The two prisoners will be put upon the stand to testify in the damage suit of Mrs. J. W. Coleman, the National Pencil factory.

Conley gains his freedom on that day, but Frank will stand in the witness chair. Coleman's suit, in the case of the death of Mary Phagan, was slain in the National Pencil factory on April 25, 1915. Frank and Conley will be the witnesses in the case.

The trial of Mrs. Coleman's suit will not come up for at least two months. Frank is being held in the prison at the National Pencil factory. Coleman's liberations make it imperative that the testimony be delivered on the day of the hearing. Their examinations will be held in the court jail before a designated commissioner.

Sue for \$10,000.
Mrs. Coleman is suing for \$10,000 damages for the death of her child. She is represented by James L. Key. When Mr. Key recently consulted with L. Z. Rosser, counsel for the pencil plant, he was told that the plant would not permit the acceptance of the Frank trial testimony as evidence of the death of Mary Phagan in the pencil factory, but demanded that the trial be held in the court jail.

Warden C. H. Girardeau, of the Fulton county jail, has been notified by mail Friday afternoon that a subpoena had been served upon him to produce the prisoner at the jail Wednesday afternoon at 10 o'clock. He was asked to produce the negro accessory at that time.

Appeals for Commutation.
Hundreds of Atlanta and prominent citizens have been notified by mail Friday afternoon that a subpoena had been served upon them to appear at the jail Wednesday afternoon at 10 o'clock. They were asked to produce the negro accessory at that time.

Quintuple Hanging Stopped in Arizona: Men to Hang Singly

Five Men, But Board of Pardons Objects to Hanging in a Bunch.

Fluorence, Ariz., May 28.—Five Mexicans sentenced to hang for murder today at about the last minute were given a reprieve by the board of pardons and paroles.

With every legal obstacle to their hanging set aside, the board granted a nine weeks' reprieve. The men might be hanged singly instead of together, and so recommended to Governor Hunt, who had opposed inflicting the death penalty with every resource at his command.

Great Fortress Which Russians Took After Siege of Months in Danger of Being Retaken by Austro-Germans.

London, May 28.—The Austro-Germans and the Russians continue to wage sanguinary warfare in Galicia, with the Austrians seemingly pressing more closely upon the Russians. Elsewhere in the Galician district stubborn combat are in progress with both sides claiming successes and with the Russian army, losses near 12,000 men and 10,000 horses.

Progress for the British troops toward La Ruse and the Galician front is reported by Paris. Elsewhere in the west the Germans either are delivering a furious counter attack or are declared as being held, or engaged in artillery duels with the allies.

The Piedmont Driving club was the scene of a beautiful reception given yesterday by Mrs. Arthur Montgomery in compliment to Mrs. L. P. Montgomery.

A company of one hundred and seventy-five ladies, both of the married set and the unmarried, was assembled, and an elaborate hospitality was extended them.

The clubhouse was handsomely decorated in pinks and pink sweet peas. Palm fronds lined the loggia, where hostess and honor guest received, and there was effective massing of foliage plants in the ballroom. There the guests were seated for a dainty repast at small tables, each having at its centerpieces a vase of pink sweet peas.

Bright music was presented by a string orchestra on the balcony during the reception hours.

Mrs. Montgomery wore an elegant

MRS. JACKSON TALKS OF SUFFRAGE WORK IN VOLUNTEER STATE

Mrs. Walter C. Jackson, of Murfreesboro, Tenn., formerly Miss Anne Brawley, of Chester, S. C., and the niece of United States Judge H. Brawley, passed through Atlanta yesterday on a visit to her old home in Chester.

Mrs. Brawley is deeply interested in the suffrage movement in Tennessee, and is the representative of the organization as chairman of the fifth Tennessee congressional district.

Mrs. Jackson attended the "get-together" meeting held in Chattanooga a few days ago, the purpose of which was to organize for the campaign of next year. In speaking of the meeting she said:

"Tennessee was brought prominently to the attention by the launching of the state suffrage campaign last Wednesday."

All the active leaders from the Volunteer state were present as were Mrs. John Jacobs, president of the Alabama Equal Suffrage association, and Mrs. Oscar Handberg, secretary of the same.

An enthusiastic mass meeting was held on the occasion, and the women of the state were urged to take active part in the campaign.

A number of interesting speakers were present, and the meeting was presided over by Mrs. Brawley, who is the legislative chairman of the Nashville, senior chairman of the campaign, and the president of the Tennessee Equal Suffrage association. Miss Brawley made the presentation of the Tennessee league, introduced at the meeting the following ladies, who made short and effective talks:

Mrs. John Jacobs, Alabama; Mrs. Oscar Handberg, Alabama; Mrs. Susan Pratt, Indiana; Mrs. James Ragan, Georgia; Mrs. Walter Jackson, Tennessee; chairman fifth congressional district; Mrs. James Ragan, chairman of the fourth congressional district; and Mrs. James Ragan, chairman of the state suffrage league.

The various committees expect to do much more for the suffrage plank in the coming year. The next meeting of the convention is called for August, 1916. If the convention approves the measure, only for the measure to receive the vote of the state, it is the responsibility of the Tennessee league, introduced at the meeting the following ladies, who made short and effective talks:

One of Atlanta's prettiest homes, erected by Clarence Knowles twenty-five years ago, at the corner of Bond and Levee and Piedmont avenues, has been moved to make way for the new Bond and Levee Avenue Methodist Episcopal church, formerly Eggleston Memorial, which is to be erected on the site of the old Knowles homestead.

The beautiful residence has been moved 150 feet southward, facing Piedmont avenue, and has been changed to two apartments, one upstairs and downstairs. The upper apartment is already occupied by the family of the pastor, Rev. Clayton J. Yeiser.

The spaciousness of the old home and dining room, on the lower floor, are being utilized for the new church. The new church is to be erected on the site of the old Knowles homestead.

The annual meeting, service will be held in the old Eggleston church on Washington street, just before the new church is to be erected. The new church is to be erected on the site of the old Knowles homestead.

The Knowles property was purchased last year by the church society at a price of \$100,000. It is now valued at \$150,000. The lot is 100 by 200 feet in size, and contains an extensive fruit orchard.

GENERAL ROBERTSON LEAVES FOR REUNION

General Felix H. Robertson, of Crawford, Texas, chief of artillery for General Wheeler last year, if sent from Bryan, Ga., and was sent over the Southern railway Wednesday evening. He is to be in the city of Atlanta, where he will attend the reunion of the Confederate Veterans, which is to be held at the hotel of the Texas for commander-in-chief of the veterans, and is considered a very probable winner.

PROMINENT COMPOSER ON VISIT TO ATLANTA

J. Edwin Allmon, of Reno, Va., one of the south's most eminent composers, is visiting in Atlanta for several days and is stopping at the Atlanta hotel.

Though a pianist and organist of considerable note, Mr. Allmon is perhaps better known to Atlanta as a composer of popular melodies. His sacred compositions are well known in many churches. Among his better known secular songs are "The Secret," "Only I as I Do," "Secrets," "In the Land Where My Dreams Come True" and "Nora Macchree."

Sunday School Contest.

It is expected the first Christian Bible school will make great gains Sunday morning in their contest, which has for its object, the fitting up of a "White Room" at the Southern Orphan's Home in this city. The picture for the room is being completed, and will be placed in a room at the church soon.

SHIP-BUILDING PLANT ASSURED FOR MOBILE

Steel Interest to Back Plant
Which Will Be One of the
Largest in United States.

New York, May 28.—Plans for the construction at Mobile, Ala., of one of the largest ship-building plants in the United States were being perfected in New York today by Edward M. Hyde, former president of the Bath, Maine, Iron works.

Mr. Hyde, who has just returned from the south, announced the formation of a \$4,000,000 organization to undertake the project, which he hopes to have in operation within six months. The concern will probably be called the Gulf City Ship-Building and Dry Dock company, and it is understood that the backing of steel interests in Birmingham.

The project will be the only one of its kind in the far south, and is chiefly designed to care for and promote the development of American ship-building, which is expected to grow out of increasing South American and Panama and canal traffic. At present Norfolk and Newport News are the farthest south points for important private ship yards.

The new plant will occupy about fifteen acres. Mr. Hyde said today that equipment for building 60-foot vessels, including an 80-foot dry dock and marine railroad. Mr. Hyde expected to close contracts in New York well before construction of the latter equipment.

Between \$200 and \$300 men will be employed, of whom half will be skilled workmen.

In Mr. Hyde's opinion the war will result in the raising of the steel market in Europe, which will remove the chief handicap which ship-building concerns in this country have to meet in competition with foreign concerns. He believed, therefore, that taking this factor into consideration, together with the developing Panama canal trade, there should be a great future for the ship-building industry in the United States, and especially in the south.

NURSES ON STAND IN A DAMAGE SUIT AGAINST HOSPITAL

Trained nurses, as trim and staid as any who ever trod the rounds of the pages of fiction, took the stand in Judge W. D. Ellis' division of the superior court yesterday to describe the superior court yesterday to describe the inferior workings of great city hospitals. There were five of them all called to deliver expert testimony in the case of Mrs. C. A. Huseon against the Piedmont Sanitarium.

Mr. Huseon alleged that he paid \$15,000 damages for a broken hip she had sustained while in the hospital. The case was called on for testimony by the plaintiff, by their questioning, counsel for the nurses in the first year of their course receive only \$2 per month, and in the second year and \$10 the third. Of course they are provided with clothing, food and a home in the hospital.

The nurses were also questioned along other lines, principally the charges exacted from patients during their confinement in hospitals. Mrs. Huseon charged that on February 12, 1912, she underwent an operation in the Piedmont sanitarium, that when she recovered consciousness, she was lying prostrate upon the floor of the bedroom, and that her hip was broken and the room deserted. The contention of the defendant was that she had rolled from bed while the nurse was in the room, and that accident was unavoidable.

After they went out on the case at 2 o'clock in the afternoon, and, up until late last night, had not returned a verdict.

WILSON TO TAKE STEPS FOR PEACE IN MEXICO

Continued From Page One.

ing populace. While the president's statement will not state specifically the general terms of comment tonight indicated that the United States as a first step would continue to insist on keeping the railroad between Vera Cruz and Mexico City open for the transportation of supplies, and might even deliver its supplies to the people of other Mexican cities by governmental agencies.

The government's plan, it is said, will be to deliver supplies to the people, and they are not expected to come to a decisive point while the delicate negotiations in Germany are in progress.

Moved by Recent Events. President Wilson declared Tuesday after his conference with Duval West that he had decided on no change in the Mexican policy. The events of the last twenty-four hours, however—the seizure by Carranza, professor of Vera Cruz, of the International Relief committee, and the inability of the authorities at Vera Cruz and Mexico City to provide transportation for supplies to succor the ever increasing bread-line—brought about the determination to act.

Officials flatly denied reports that Great Britain, through her embassy here, had been exerting pressure for the relief of conditions in Mexico. It was pointed out, however, that Duval West, after a three months' investigation, had concluded that Carranza's conduct had brought back the investigation leading to the determination to act.

The idea that by relieving distressed conditions among the people, the influence of the United States government upon the Mexican people would increase is said to have been one of the great hopes of the American government since it is said that the influence on the situation will be such that the elements to get up a provisional government which may be recognized.

THE RED CROSS APPEAL

The American people, with characteristic generosity and an impartial spirit of brotherhood with all who have contributed liberally for the relief of the suffering, have responded to the unprecedented war in Europe. The Red Cross appeal has been met with a response of equal generosity and need.

The American Red Cross is ready to furnish relief work for the benefit of the suffering. It is using its capital money to purchase supplies of food to mitigate the suffering and misery so close at hand. Operations in money may be sent to the American Red Cross, Washington, or its local treasurers. Those who are interested in contributing to the fund are requested to communicate with the American Red Cross, Washington, for instructions.

Mr. Byrd will ask the state department to investigate.

Macon, Ga., May 28.—(Special)—Dr. C. R. Jenkins was unanimously re-elected president of Wesleyan college for the three-year term at the annual meeting of the board of trustees of the college, held here yesterday. Dr. W. N. Ainsworth, former president of the college, and pastor of the Methodist church in Macon, was elected to the position of secretary. Dr. Jenkins was elected to the position of treasurer.

C. Collier, deceased; C. W. White, of Atlanta, succeeding C. W. White, of Atlanta, deceased. All of these men are elected subject to the confirmation of the north and south Georgia conferences and the Board of Christian Education.

The trustees decided to abolish all sub-fundamental work and after next year only students prepared for college work will be admitted.

MACON MAN FALLS HEIR TO ESTATE OF \$200,000

Macon, Ga., May 28.—(Special)—Word has been received in Macon to the effect that Albert Bach, who came to Macon four years ago from New York and married a local girl, the daughter of Mr. and Mrs. Nick Bloch, has through the death of an aunt in Philadelphia last week, fallen heir to an estate valued at \$200,000. Mr. Bach is now in the east looking after the settlement of the estate. Under the terms of the will, Mr. Bach is to receive \$10,000 a year for ten years, after which he will be given a lump sum of \$100,000.

Mr. Bach is secretary and treasurer of the National Milling company.

C. E. SNIPES ACQUITTED ON SELF-DEFENSE PLEA

Macon, Ga., May 28.—(Special)—In the federal court today morning Chief E. Snipes, a painter, was acquitted to kill W. E. Bolton, also a painter. The trouble between the two occurred two years ago at the corner of Third and Poplar streets, while the two were engaged in a fight. The two men, Bolton being seriously injured and Snipes only slightly wounded. The most remarkable feature about the case was that none of the pedestrians who were in the vicinity at the time were injured.

Bolton's plea was that he shot in self-defense, the evidence tending to show that Bolton was the trouble and drew his pistol first.

DENTISTS' OFFICERS MEET TO DISCUSS STATE CONVENTION

Dr. E. A. Tigner, of Millidgeville, president of the Georgia state dental association, was in Atlanta Friday for a conference with local officers of the association to arrange for the state convention of dentists to be held here June 17, and 18 and 19.

Fully 200 dentists from all parts of Georgia will be in attendance. In addition to Savannah and the best known dentists of America, who will make addresses before the convention, there will also be a score or more of representative manufacturers of dental supplies who will put on an exhibition at the Piedmont hotel, which has been designated as official headquarters for the association.

Through the efforts of the clinic committee of which Dr. Thomas H. Hume of Atlanta, is chairman, two of the most celebrated men in the profession have been secured to conduct progressive clinics during the convention.

Dr. Theodore Hume, of New York City, will speak on "Mandibular Anesthesia." These clinics will be so arranged that the visitors may be assigned to classes and all take the course of study with lectures.

Dr. F. E. Roach, professor of Prosthetic dentistry, of the Chicago College of Dental Surgery, will speak on the art of dentures.

WOODWARD OBJECTS TO PLAN TO CLOSE BELL STREET BRIDGE

The threat of the council street committee and city construction department to close the Bell street bridge to vehicular traffic brought about a protest from the business community, which declared he would not allow the closing of a bridge which has been one of the most important in the city.

It serves an important business district of the city and is about the only route they have for transacting business. The bridge is a vital link in the city's business life. It will not only ruin business for several establishments in the vicinity, but also as I have anything to say about it, the bridge will not be closed.

HOW TO HEAL SKIN-DISEASES

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles. At any reliable druggist get a jar of restinol ointment and a box of restinol soap. These will not cost a bit more than the average five-cent bottle of restinol soap and warm water bathes the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of restinol ointment, and cover with a light bandage—if necessary to protect the ointment. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.
